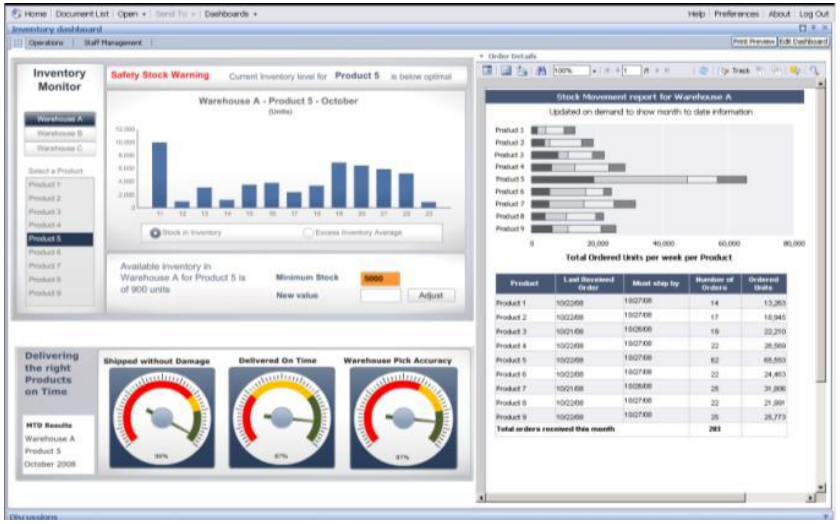
Integrating Web Intelligence and Xcelsius

Dec. 9, 2010

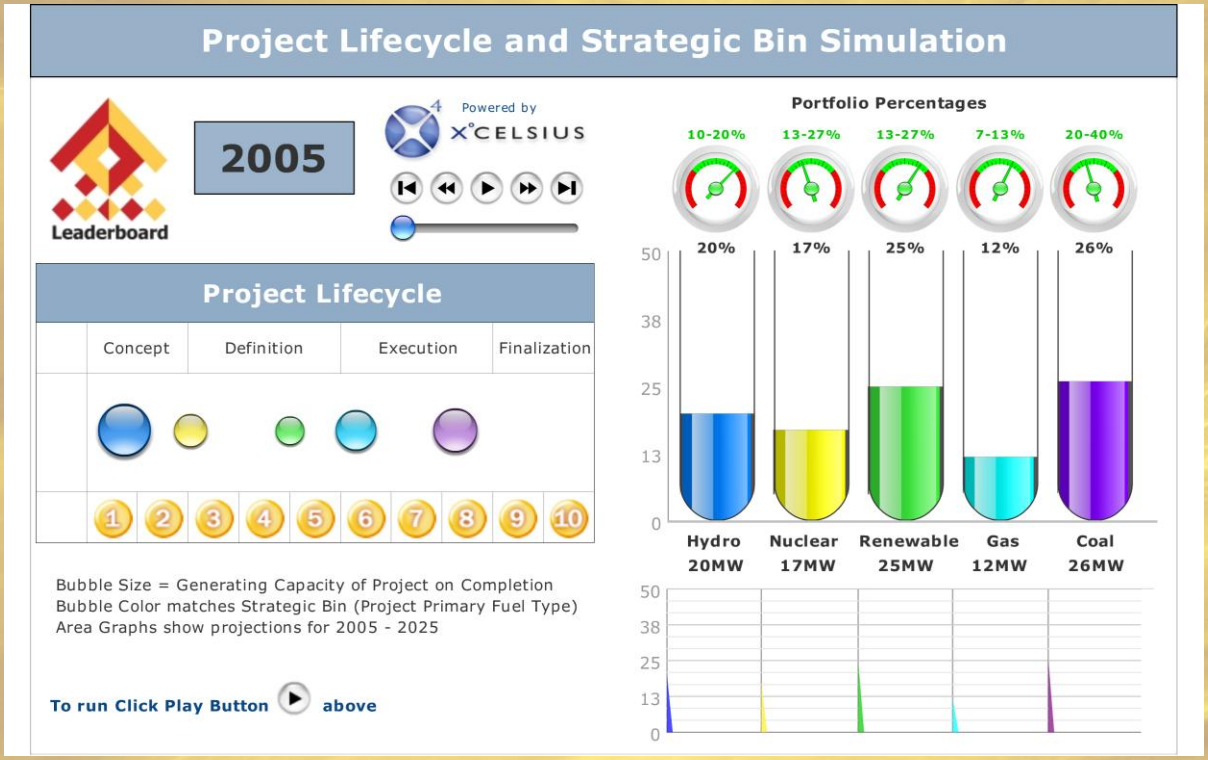


Agenda

- Why Integrate Webi and Xcelsius?
- Triggering Webi from Xcelsius (Open Doc. Call)
- Using Webi to Feed Xcelsius
- Integrating Webi functionality in Xcelsius (XWIS)
- Integration in XI 4.0

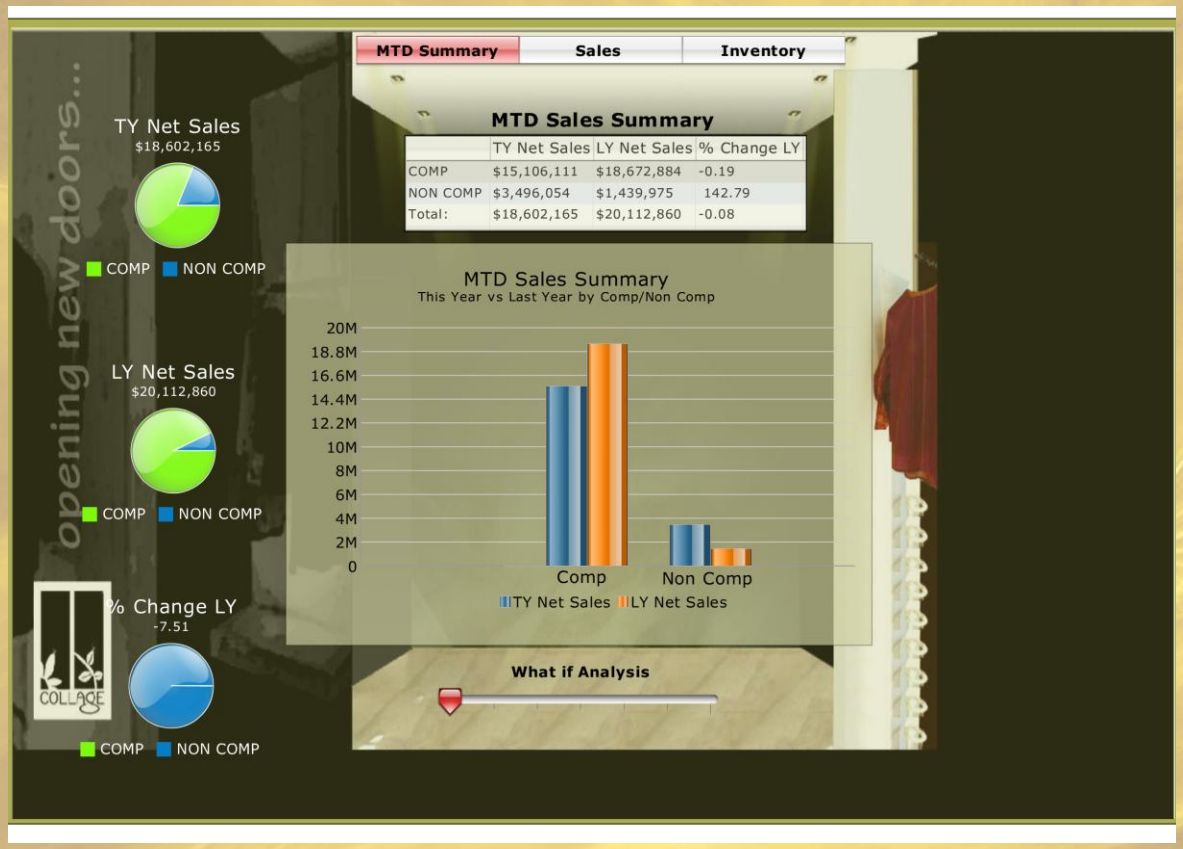
Why Integrate Webi and Xcelsius?

- The Ultimate BI Tool
  - Integrating the power , drill-down and analysis capability of Web Intelligence with the dynamic, animated, data visualization of Xcelsius!

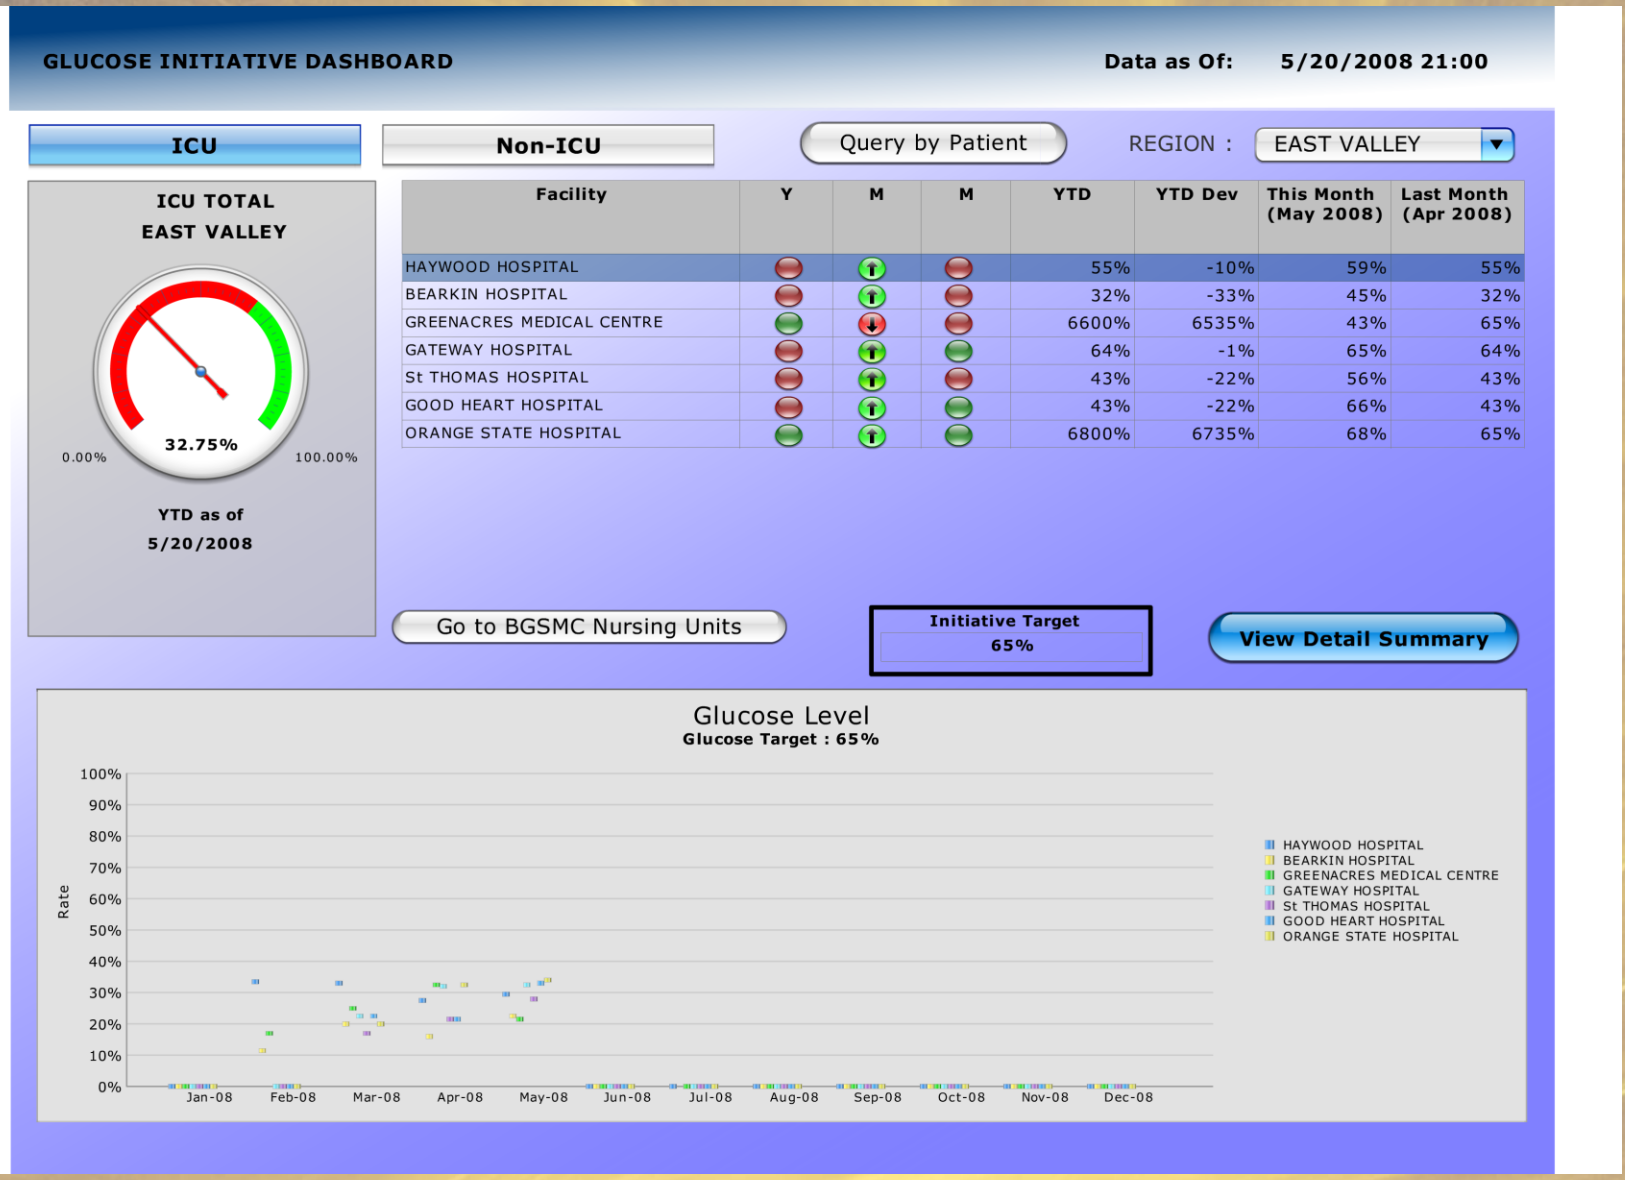


Why Integrate Webi and Xcelsius?

- Drill down in Xcelsius
  - Powerful but missing the drag-and-drop, slice-and-dice interaction



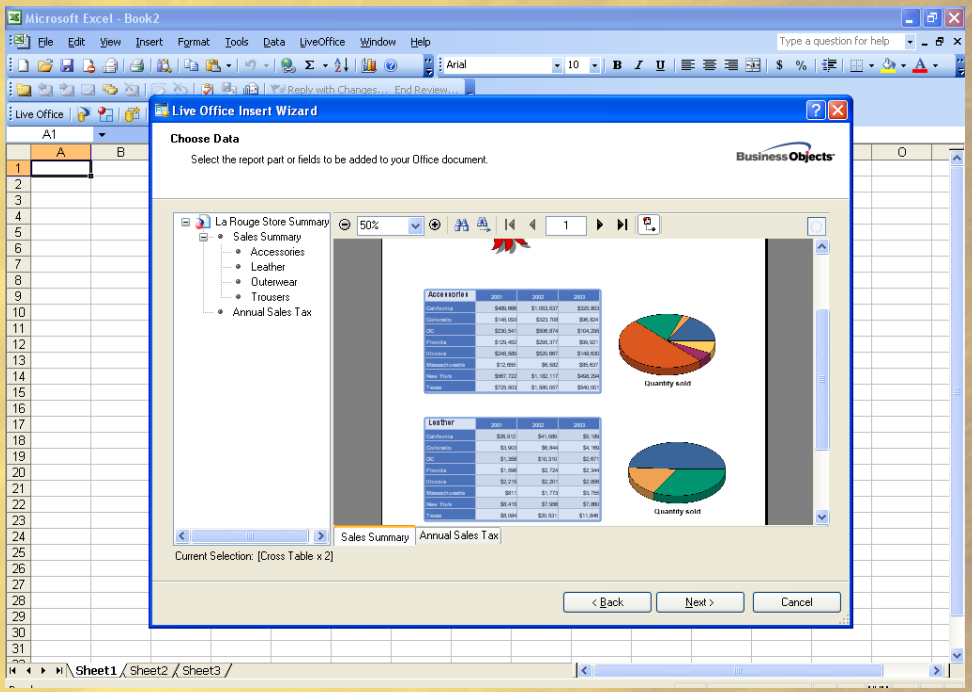
Triggering Webi from Xcelsius (Open Doc. Call)



Nurse

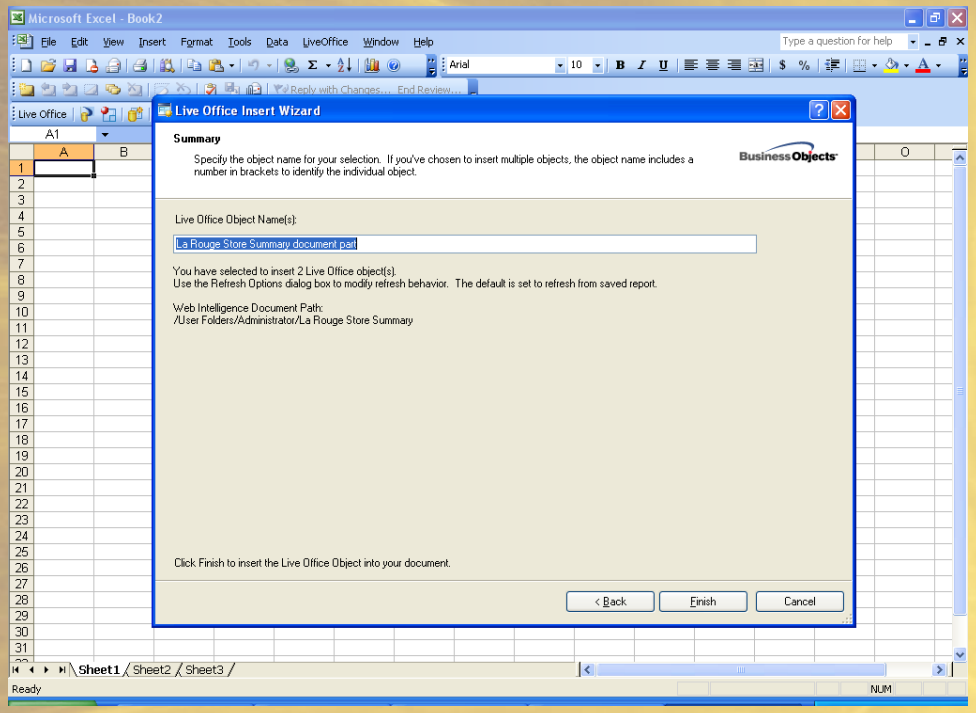
Using Webi to Feed Xcelsius

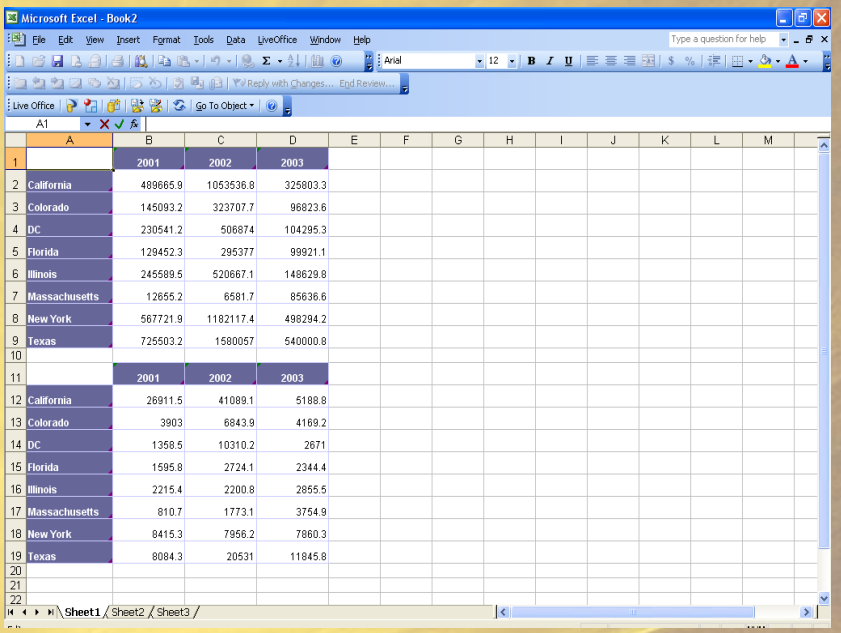
- Live Office
  - Webi reports may be scheduled
  - Report parts include cross-tabs
  - Must use BOE security / authentication



Using Webi to Feed Xcelsius

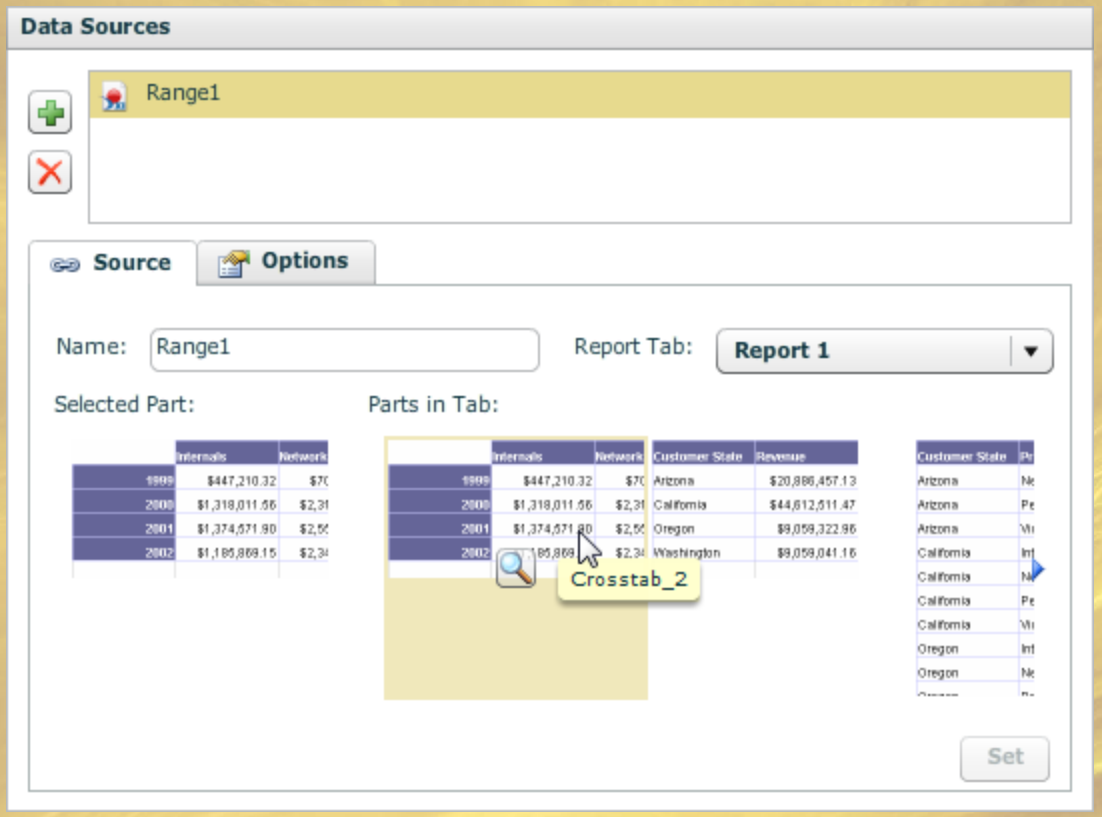
- Live Office





Using Webi to Feed Xcelsius

- Xcelsius Data Cache (XDC)
  - Selecting Web Parts from Webi reports to load into XML cache for Xcelsius



Integrating Webi functionality in Xcelsius (XWIS)

- Using the Xcelsius 2008 SDK, XWIS delivers a set of Xcelsius Flex components that provide Web Intelligence integration
  - Access information from your extensive Web Intelligence library
  - Deliver drill capabilities from your universe layer directly to your dashboard
  - Data Connections direct to your reports
    - XWIS components refresh directly from Webi

Integrating Webi functionality in Xcelsius (XWIS)
