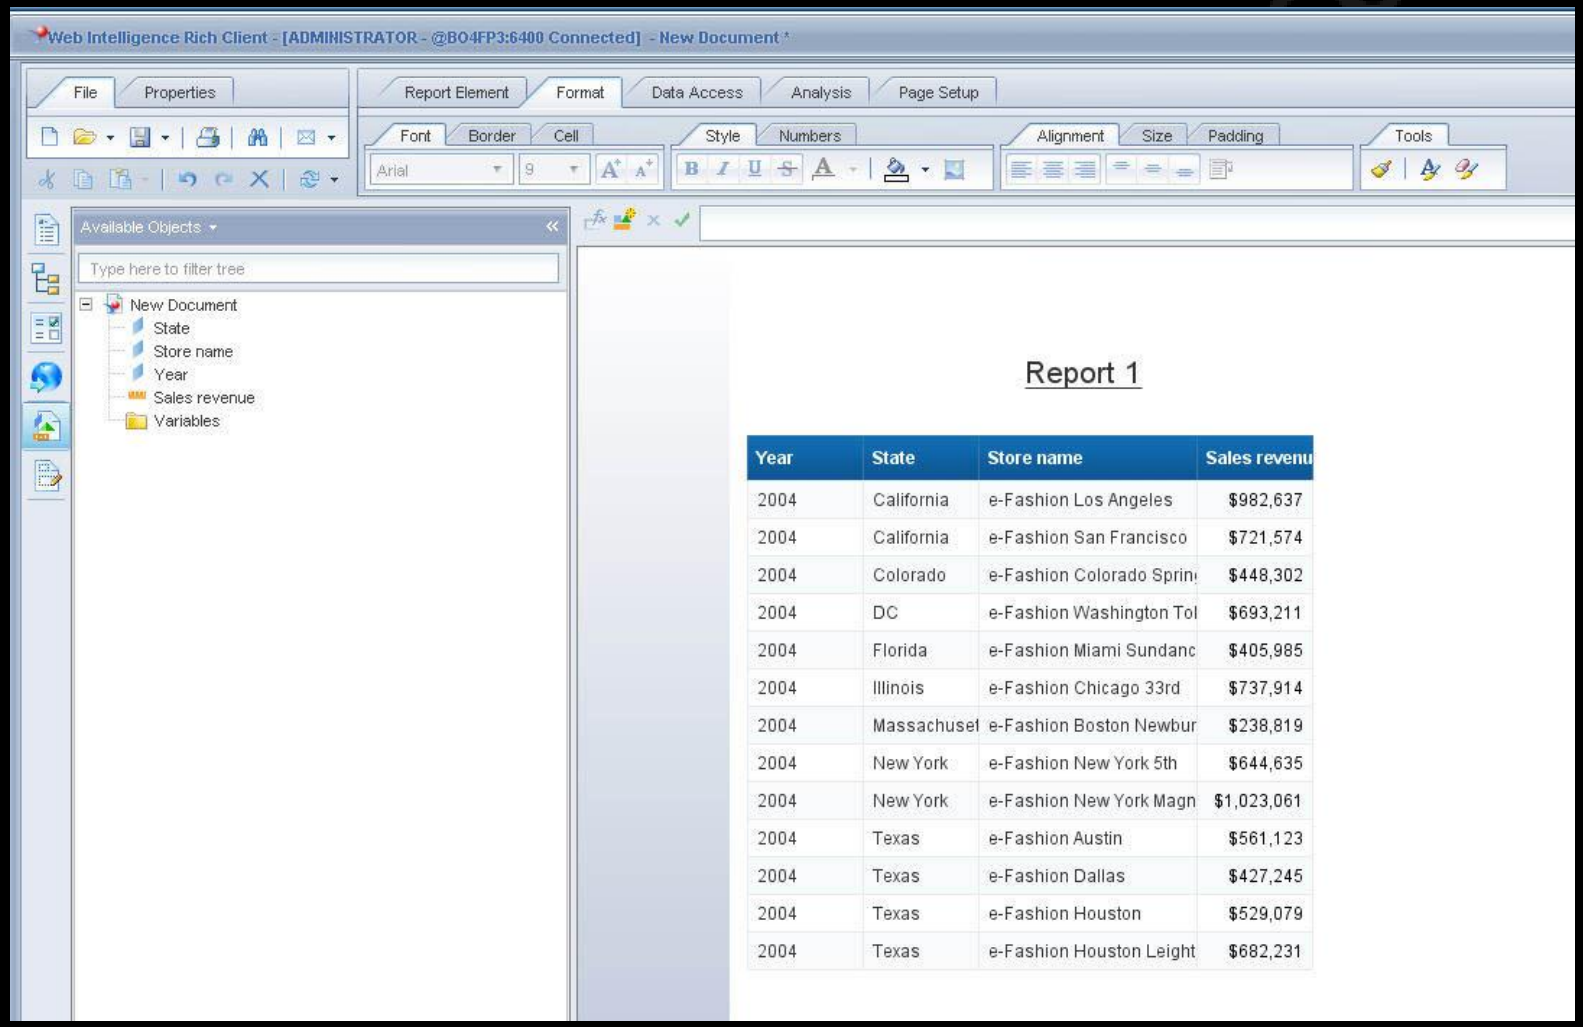
Query 1

Report Window



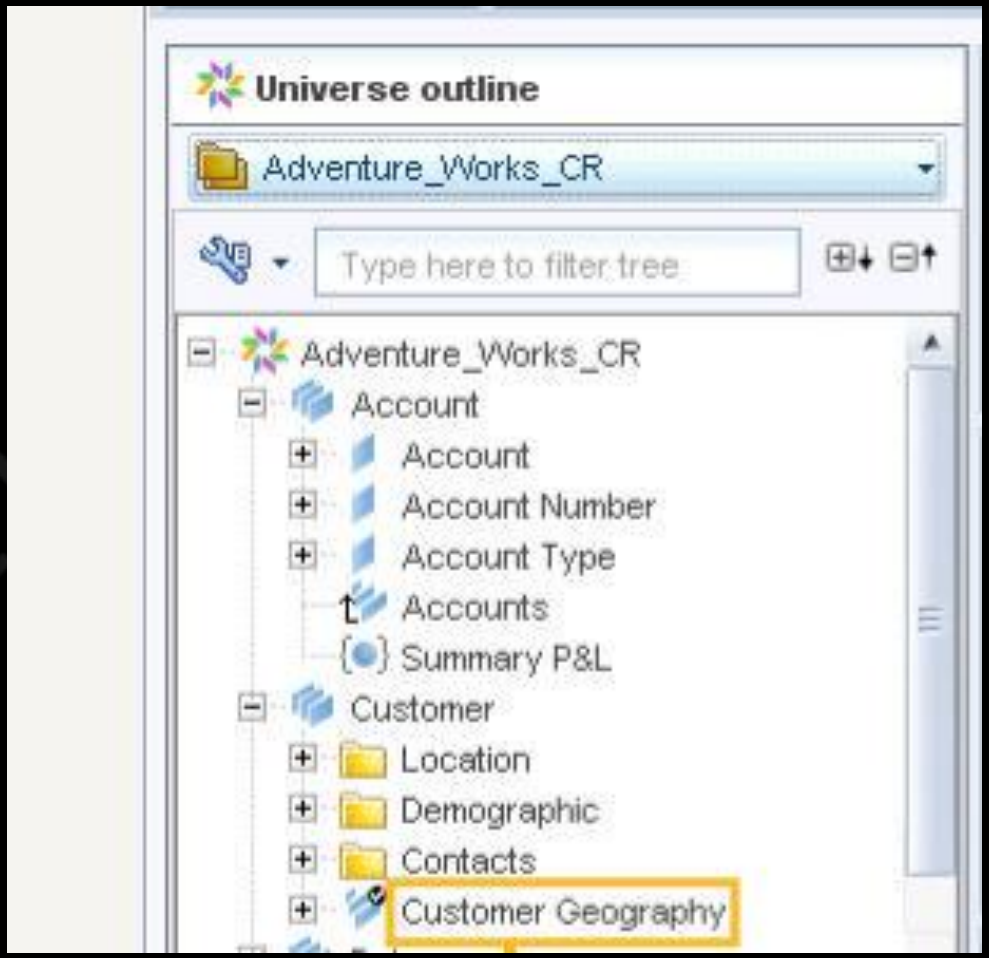
3 New Data Sources

- Common semantic layer universe (UNX)
- SAP InfoCubes using Bex queries (same way you would build a report with a universe)
- SAP BusinessObjects Analysis Workspace (build reports bases on analysis views)

© 2012 InfoSol

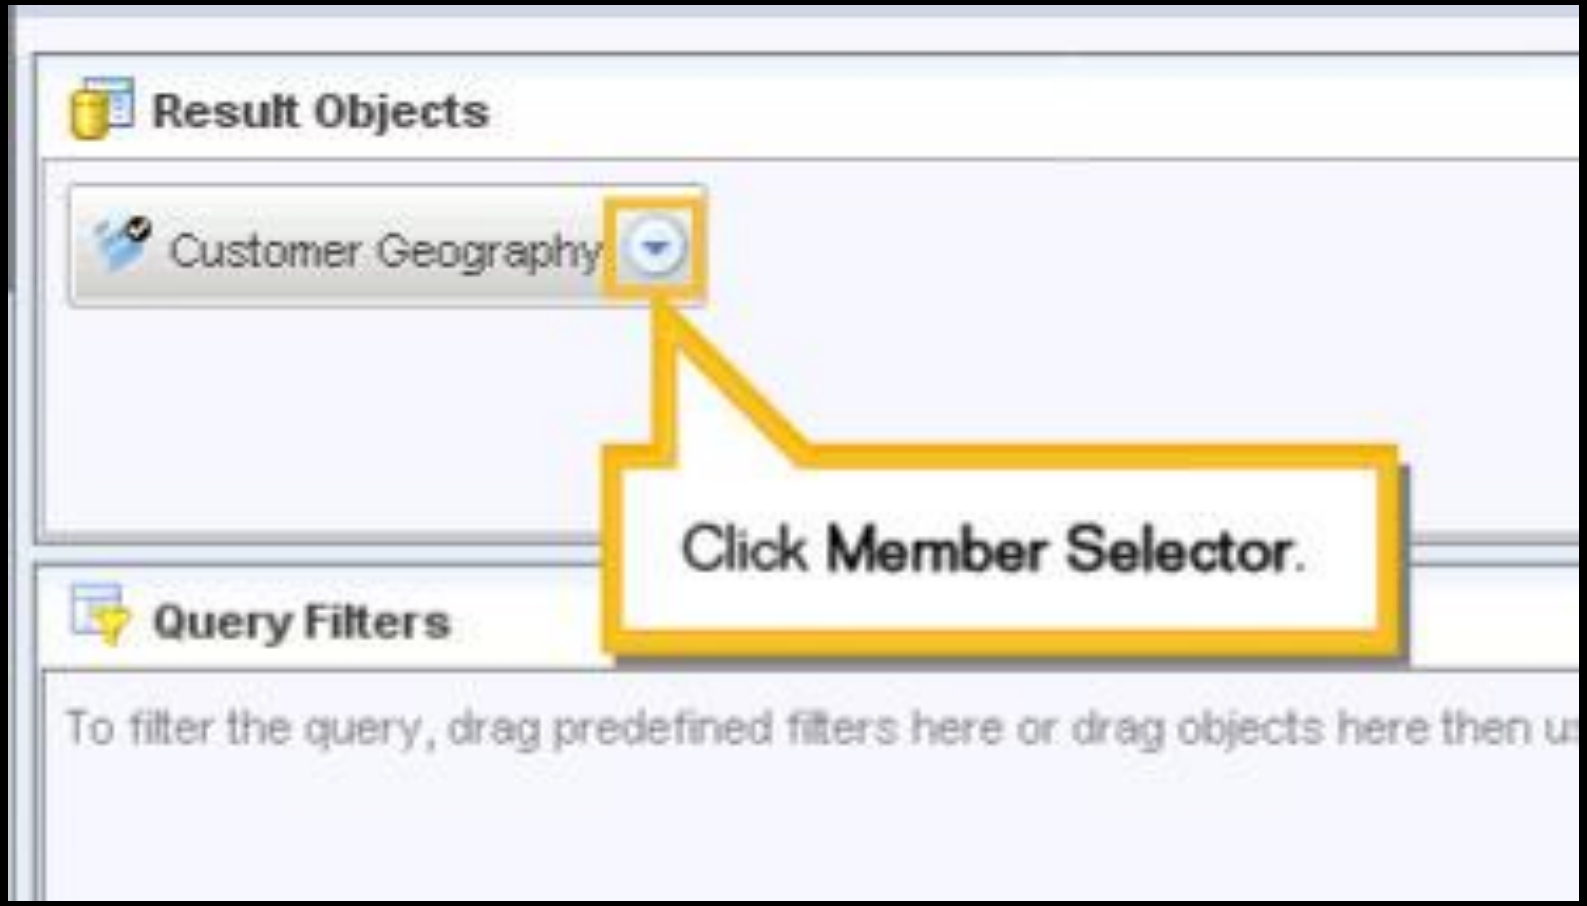
Create using OLAP Universe

- New Hierarchical Dimension Icon



© 2012

Member Selector



Member Selector

- Select members from the hierarchy
- Prompt Users
